Leading the way in Specialist Printing Consumables

WHY USE INK FOILS?

Downtime time costs money. Conventional foil can be messy and time consuming

CLEAN INKTRAY BENEFITS

Clean Inktray reduces tray cleaning time from 15-30 mins to just two enabling you to maintain valuable production time

It also substantially reduces the amount of solvents and clothes used during cleaning

The reduction in time and simplified procedures allow your printing staff to focus on the print job at hand and avoid messy time consuming cleaning

Clean Inktray is simple to use

PROTECTING THE ENVIRONMENT

Clean Inktray foils are environmentally friendly helping to contribute to a healthier world

They also help you to achieve a cleaner production line

FACTS

Clean Inktray was developed in Denmark by printers for printers

Its manufactured from a durable foil with a specially designed double sided liner

Clean Inktray is available for a large selection of presses

SIMPLE TO USE

- ◆ 1) Place foil against back-margin of inktray
- ◆ 2) Pull off the film from tape in one side
- ◆ 3) Fit to corner of inktray
- ◆ 4) Rub tape so it sticks against inktray edge & pull the rest of the tape film off.
- ◆ 5) Fit foil to corner of inktray in opposite corner
