

Leading the way in specialist printing consumables

PrintProf

Automatic blanket cleaning system

PrintProf is an EFP (non-woven woodpulp-polyester) for use as a lint free wiping cloth.

Available in 500 metre or cassette rolls. PrintProf offers the perfect solution for removing ink and solvents from the blanket in an efficient way.

PrintProf is tried and tested by Fogra, Munich with excellent results. The cloth was tested under several circumstances and different machine setting. Printing samples have met all expectations.

Characteristics	: Strong, absorbent, lint-free & solvent resistant
Applications	: Printing industry, food manufacturing, low particulate wipe, automotive finishing, industrial wiper
Construction	: Hydro-entangled fibres
Composition	: 55% wood pulp and 45% polyester, no binder
Basis weight	: 75 gr/m ² (± 5%)
Thickness	: 0.39 mm
Elongation MD	: 18%
Elongation XD	: 78%
Absorption time	: 2 sec.
Absorption capacity	: 600%

**FOGRA Tested
& Approved**

ecoline

non-woven • paper rolls • wiping rags
