

Leading the way in specialist printing consumables

Use

Printing, perforating, cutting and creasing all in one operation.

Offset Perf can be used on either paper or card with teeth at the side or in the middle.

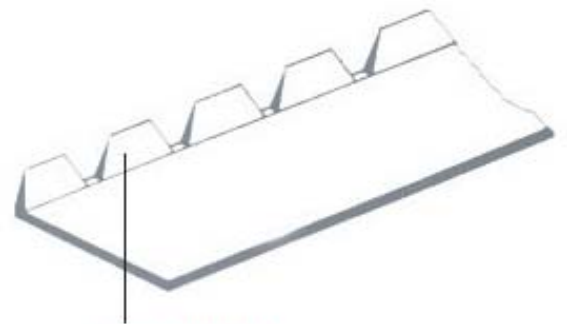

Offset Rules 'Paper' are used for paper and thin card up to 200 g/m².

Offset Rules 'Card' are used for card up to 300 g/m².

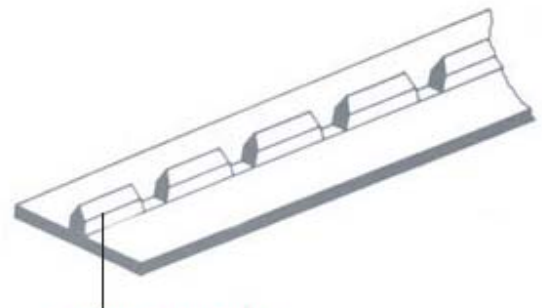

Attention: Offset Perf will damage your blankets.
