

Leading the way in specialist printing consumables

What is PerF-Offset?

PerF-Offset is a new system for inline finishing. It is the only rule which is able to cut, perforate and crease **during printing** and only takes **5 minutes to set up**.

How Does it Work?

PerF-Offset is a two part system with a cutter, creaser or perforator on one cylinder and an anvil on the other cylinder giving **higher quality** and **NO damage** to the printing blanket.

Creasing

Cutting

Perforating

What are the Benefits Over Other Perf Products?

- Saves Machine Time
- Clean Cuts and Perforations
- Ease of Post Handling
- Gives Perfect Creases
- Angles Without Flaws
- Easy to Set Up (< 5mins)
- No Need to Buy Special Blankets

Available for all presses including:

Heidelberg
KBA
Ryobi
Roland
Komori
...and more
