

Specialist

ICON - SA336

■ Improved Print Performance

ICON SA336 is a self-adhesive blanket that is ideal for specialist printing applications. It is designed for use with narrow-web presses and 2-piece can printing machines.

The EPDM compound gives a very precise image producing a high quality print.

■ Specifications

Type	EPDM 3 Ply
Thickness	1.95mm
Compressibility / N/cm ²	115.0
Hardness	78 Shore A
Roughness	0.70 -1.30 µRA
Elongation at break / 500 N/cm ²	2.0%
Colour	Orange

■ Features

- Superior dot sharpness and solid printing
- High durability
- Self-adhesive
- Reduced gauge loss
